

Kent Center School Addition/Renovation

Kent, Connecticut

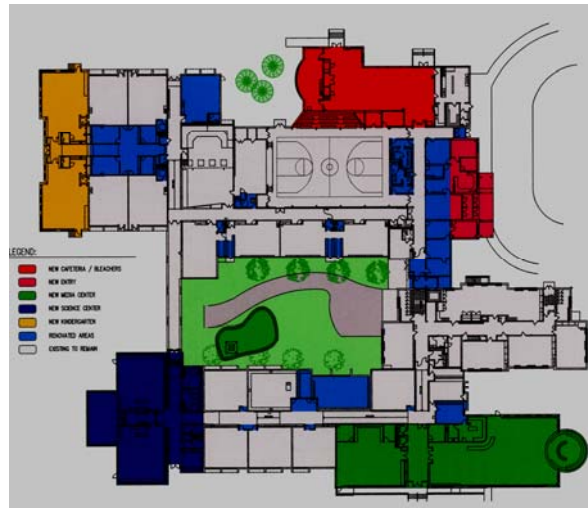

Scope:

Area: 77,000 sf

Completion: August 2004

Cost: \$7.2 million

Upon construction completion this elementary school will have a new science wing complete with a solar room, a state of the art media and computer center, a new Kindergarten wing, expanded cafeteria and a teacher's lounge.

Renovations included ADA upgrades throughout the existing K through 8 facility including classrooms, toilets, egress, and improvements to the existing gymnasium seating, locker rooms, administration renovations, and an improved parking lot.
