

North Canaan School (K-8)

North Canaan, Connecticut

Scope:

Area: 30,000 sf

Completion: Projected 2010

Cost: \$15 million

Growing needs of the School and the Community of North Canaan has started the need for expansion to their School. Their existing facilities including the Gymnasium and Day Care Center are inadequate and severely outdated. This project is to include a new Gymnasium, Classroom space, as well as a new Early Learning Center for the State of Connecticut School Readiness Program. These addition will serve not only the School itself, but the entire Recreational Community.

This project will be pursuing LEED® Silver Certification in compliance with the State Legislation.
